

Who Is On My Wifi Privacy Policy v1.0.5 and above

Software Purpose and Data Storage

Who Is On My Wifi is intended to help users see exactly who is on their network at any given time. This data is stored locally on the user's machine and is not sent to IO3O LLC.

Installation/Removal

If at any time the user is unhappy with the Who Is On My Wifi product, they can remove it through the Add/Remove Programs section of Windows or by clicking on Uninstall in the Who Is On My Wifi folder.

Purchase

IO3O LLC uses 2 service providers, Paypal and Google Checkout to render Credit Card payments from it's customers. We do not see the credit card numbers nor do we store them on our system. We use a 3rd party vendor, e-junkie.com, solely to send registration codes to customers.

Adware/Malware/Spamware

Who Is On My Wifi does not contain any agent or process that attempts to send Advertisements, cause malicious behavior, or send spam emails to or from the user.

Debug, Software Update, and Install Count

Occasionally, the Who Is On My Wifi software may need to connect back to an IO3O owned website in order to check for software update information, count installs, or with potential debug information. This information will not contain user specific data or hardware identifiable information. The maximum amount of information received will be the IP Address of the user.

General Information

No system is 100% secure, but we are constantly looking for ways to improve our security and increase our customers' privacy. If you have suggestions, send them to support at io3o.com.
